Model Name: Personal Compact
Capacity: 2 Liters
Color: Black
Item Dimensions LxWxH: 9.75 x 9.75 x 12.5

Healthy Frying: Temperature range from 200°F - 400°F allows you to cook at your desired temperature, achieving a healthy, crispy, fried finish using at least 98% less oil than traditional fryers.

How to use

1. Prepare the basket and desired food.
2. Put food on tray.
3. Put the basket into the Air Fryer.
4. Plug in the Air Fryer.
5. Set desired cooking temperature and time.
6. Start cooking.
7. Enjoy your air fried food.
8. Unplug the Air Fryer and let cool completely before cleaning.
9. Clean the basket and tray after every use.

Product Tip

Toss foods with oil for crispiness.
